To Whom It May Concern:

**Re: DA / 733 / 2011
447-449 The Entrance Rd, Long Jetty, NSW, 2261**

As Chairman and on behalf of all current members of the Tuggerah Lakes Liquor Accord – The Entrance Division, we wish to note our opposition to the proposed takeaway liquor shop (BWS) as per DA # 733 / 2011.

The accord's concerns are due to the large number of liquor outlets already established with a very small radius and the large number of anti social issues that already occur within the Long Jetty region. Most of the anti social behaviour within this region is due to the easy accessibility of takeaway liquor and a major chain such as BWS will further accentuate this issue.

As the Chairman of the Entrance Division Accord we are supporting a moratorium on any further bottle shop licenses been granted, as additional premises such as the proposed BWS belies the work of our Accord which is focused on working with all outlets to identify problems and problem ways early, additional outlets simply compound the issue.

Yours faithfully
